

# School SDP Priorities 2021

## Aspect of School Development

Embed the Pupil Conferencing Plan to ensure the consistent use of effective questioning and pupil-led learning.

Fully embed the use of Accelerated Reader so it impacts on pupils' progress in reading across all year groups.

Further develop the school's provision for supporting pupils' good health, wellbeing and emotional needs.

Ensure all pupils have access to quality discussions on current issues and British Values, making explicit and implicit provision to promote and celebrate diversity.

Implement the trust leadership strategy for Middle Leaders, so that they can consistently impact on progress and standards.
